

Emergency Management Tech Project Manager

Connect Consulting Services
Engage | Prepare | Recover

About Connect Consulting Services, Inc.

Connect Consulting Services is a woman-owned emergency management and business continuity-planning firm based in Sacramento, CA with clients throughout the U.S. Our passion is providing peace of mind to agencies and organizations of all sizes through expert emergency management and business continuity planning services. We develop emergency operations and business continuity plans, train staff and stakeholders, and test disaster plans with drills and exercises to enhance our clients' emergency management and business continuity programs.

Connect Consulting Services is small but mighty, and growing! Our team needs dedicated, passionate people who want to learn and grow while contributing to our shared success.

Job Responsibilities

To lead the development of an emergency management and business continuity planning technology platform that will allow Connect Consulting Services' clients to create and access their emergency management and business continuity plans on any mobile device.
